Club Person of the Year Award: Club Chairman Trevor Howell

Trevor spends an unbelievable amount of time, effort and energy behind the scenes, ensuring the club runs smoothly day-to-day as well as developing for the future. He attends an endless number of meetings with the club committee, town council, Harpsden Trust, Henley Football Partnership, as well as applying for funding, developing new partnerships and campaigning on behalf of AFC Henley to ensure we have a bright future ahead.

He's been instrumental in all the new enterprises at AFC Henley from the Player Development Centres to After School Clubs and alongside finding the funding and overseeing the refurbishment of the pavilion at Harpsden this season has been central in the negotiations to get a new clubhouse built at Jubilee Park as part of the Henley Neighbourhood Plan.

Not to mention being on the gate every Saturday morning to facilitate the 60 to 80 children attending Mini Soccer Centre which is the foundation for all young players at AFC Henley. This enterprise, which he was at the start of, is now in its 14th year so that's a lot of Saturday mornings and a lot of kids playing football!

He had been the Vice Chairman for a number of seasons but stepped up to the Chairman's role this season and we hope for many years to come!
